Internal Event for Work Packages' Leads and Students' Reps

Objectives:

Most probably due to the current pandemic, Circle U. did not really have a proper kick-off meeting. The objectives of this event will be to:

- Break the ice between the Leads who haven't had the chance to meet until now
- Share experiences of leads and students' reps in working within the Work Packages, building bridges between the WPs and maybe get in this way a better idea of the bigger picture
- Reflect upon the role of the WP Leads and the WP Students' reps. within Circle U. and bring some ideas for the future development of the alliance

In order to reach these objectives, we would like to propose the following event of **1h15 minutes on the 18th of May (12:30-13:45).**
