IUT de Paris - Rives de Seine
Université de Paris

STUDYING AT IUT DE PARIS – RIVES DE SEINE

A higher education institution

in the heart of Paris

46 DEGREES

6 professional areas

An Institute that Broadens your Perspectives

The IUT de Paris - Rives de Seine is a public and selective institution. Since March 2019, Université Paris Descartes, Université Paris Diderot and IPGP have merged to give birth to Université de Paris which is thus the leading university in France.

The IUT offers training in small groups of students, attentive supervision, and teaching methods combining theory and practice.

These training courses are divided into 6 professional areas:

- Social work
- Business and administration
- Information & Communication
- Computer science
- Statistics & Business Intelligence
- Sales and Marketing.

Training is provided by teachers and professionals and includes internships and course projects. The IUT de Paris - Rives de Seine is a renowned 50-year-old institution with powerful networks of partners and alumni offering many opportunities for internships, as well as applied courses.

The IUT delivers a three-year national university degree called a Bachelor of Technology, which is recognised throughout the professional world, as well as vocational
